The best sporting moment since becoming Minister was addressing the @Springboks after the win against the All Blacks. @RassieRugby & his Boys did so much for social cohesion and national pride for SA. We owe them an incredible debt of gratitude. The greatest rugby team ever.

The uncomfortable truth is that Coloured ppl are being discriminated against daily in SA, **Black people** suffer equally but their suffering is not legislated, Coloured ppl are not being promoted on merit nor do they find jobs, this is the truth that Black ppl don't want to hear.

Coloured ppl lived better under apartheid than all **Black people**, we had for instance free textbooks, flushing toilets, tarred roads mostly, our schools were far better buildings equipped with schools halls at certain schools, we had libraries and swimming pools also mostly.

Many Coloured people started to hate the ANC and **Black people** by extension, this was evident with the racist comments that accompanied their talk about how they were betrayed. The matter reached boiling point when ppl like Jesse Duarte had to confront her own organisation head on

200 murders on the Cape Flats in the past 3 weeks. You want me to worry about Palestine whilst my people are dying like flies, more than Palestinians. Don't vote for me but I will stand up for the genocide against Coloured & **Black people** in WC.

The DA has successfully blamed the supposed influx of **Black people** from Eastern Cape for the lack of service delivery & jobs 4 Coloured Communities. My job is to get Coloured & Black ppl to vote together and not view each other with suspicion in WC. We will succeed @OnsBaizaNie
